

SUMMARY

Proactive and dedicated software developer with hands-on experience as a volunteer at Kathagutari Technical Training Institute, Embu. I have successfully enhanced computer literacy and web development skills among students, demonstrating strong technical expertise, adaptability, and a passion for teaching and mentoring. My ability to quickly learn new technologies and apply them effectively has been key in delivering value and fostering a productive learning environment

PROFESSIONAL EXPERIENCE

Volunteer,Somo

Mombasa, Mombasa District, Kenya || March 2024-April 2024

- Teaching computer studies and basic web development Supported engaging, fun, and smooth-running events by helping with organization and planning.

Volunteer Kathagutari technical training institute,Embu

January 2024-April 2024

-
- I assisted in tutoring computer studies Assisted with special events and programs.
- Taught interested members in the society web development in PHP

Programming

I have developed several projects, including **FursaApp** (React.js and Laravel), **CoveChimes** (a blogging app built with React.js and Laravel), and **TrueChime** (a software development platform for clients, built with Next.js, Hono.js, and Appwrite).

With proficiency in PHP and JavaScript (React.js), along with considerable skill in Java, I am currently expanding my backend expertise with Django. My experience also includes integrating third-party APIs, such as payment gateways, which has strengthened my adaptability across various technologies and environments.
